

25/5 68-4422

27 August 1968

**MEMORANDUM FOR:** Assistant Deputy Director for Support

**SUBJECT** : Finance Officer for Office of Medical Services

**REFERENCE** : Recommendation No. 5, IG Survey of  
O/Medical Services, July 1968

Review of the financial activity of the Office of Medical Services for the past six months reveals no problems or volume of such nature as to require assignment of a finance specialist. Also, recent audit reports report no deficiencies or problems in financial operations. It may be that there are problems or requirements not known to me which impelled the Inspector General to present his recommendation, but our review indicates that the relatively small volume of financial transactions has been handled quite satisfactorily by the assigned staff and, from this viewpoint, I do not agree that assignment of a finance specialist is indicated.

**L. E. BUSH**  
Director of Finance
